SECRETARY OF STATE
STATE OF IDAHO

Organic farmer near Letha, Idaho (Gem County). 15 children, 32 grandchildren.

I am a graduate of BYU- Provo in Political Science and Accounting.

I have been a candidate for Governor (3) times, State House (1), US Senate (2), US Representative (1), and Fire Commissioner (1).

We are members of the Constitution Party, we are way too conservative to be Republicans.

I am the best candidate because I do not care how many votes I get, my motive is to find truth and teach it. I am an accountability candidate, I tell you everything I believe. I want to bring God's standards back into government.

My top priorities are: 1- Stop the murder of pre-born babies. 2- Reduce the Federal government to limits set by the written Constitution. 3- Ask for the impeachment of all Judicial and Executive officials that exceed their constitutional jurisdiction. I will be asking for impeachments on a daily basis. The major parties are a joke.
