

16 APR 18 AM 8:56
SECRETARY OF STATE
STATE OF IDAHO

Name: Grant Burgoyne
Office Title: Senate, District 16 (Incumbent)
Campaign Contacts:

Email: Grant@ADRIDaho.com
Website: www.BurgoyneforSenate.com

1. Biography-Qualifications

Idaho House of Representatives (2008 – 2014); House Assistant Minority Leader (2012 – 2014); Idaho Senate (2014 – present); Senate Minority Caucus Chair (2014 – present); 39 year Boise resident. Bills I sponsored, co-sponsored and supported in 2016 included helping high school students earn college credits free of charge (HB 458), allowing stalking victims to obtain protection orders (SB 1373), requiring testing of sexual assault evidence kits (HB 528), repealing the rule that a victim must put up futile or dangerous resistance in order to convict a rapist (HB 580), allowing the terminally ill to try

experimental treatments (HB 481), and allowing online voter registration (SB 1297). My wife, Christy, and I have been married for 38 years. We have two children and three grandchildren. I am an attorney and served as the managing partner of my law firm for 17 years.

2. Why vote for me. My top priorities.

I believe I am an effective bipartisan leader bringing a balanced and independent voice to the issues. My commitment is to serve the public interest, not the special interests, and to oppose pay to play politics. My priorities are:

- **Medicaid Expansion:** It is the right thing to do, it will save Idaho taxpayers money and it will help grow the economy.
- **Education and Training:** Increase state school funding which is barely at 2009 levels; cut costs and debt for college and training.
- **Economy:** Create a fully modern, sustainable economy with good paying jobs; bar insiders from buying favors from politicians.
- **Public Lands; the Environment:** No state takeover and sell off of public lands; protect our air, water and lands.
- **Human Rights:** Welcome refugees and others who want to help build a better America; bar sexual orientation and gender identity discrimination; promote gender equity; protect voting rights, oppose voter suppression; make elections more fair.
- **Stop the Nonsense:** Pushing Bibles in the schools and overriding city powers does harm and distracts from making Idaho a better state.
