1. Biography - Qualifications
2. Why vote for me? My top priorities?

I am a 53 year old retired fire captain. I live in Athol with my wife of 29 years and our two children. I enjoy spending time working on our small ranch and enjoying the beauty of northern Idaho.

I am running for office because I care about the future of the state of Idaho, for my family and for everyone's family. I see our current representative voting for higher taxes and more regulation and less freedom. I cannot sit idly by and let this happen and so I am running for this seat. I will not vote to raise taxes and will work to lower the tax burden on the hard working citizens of Idaho. I will work to see that the citizens of Idaho can freely choose what type of health care they want. I will work for the federally managed lands to be returned to the state. I will work within the constraints of the constitution of the United States and the constitution of the State of Idaho. Please vote for me for State Representative District 2, seat B. Thank you and God bless.
