PRESS RELEASE

Electronic Filing Website for Lobbyists

Secretary of State, Ben Ysursa, today announced the upcoming availability of electronic filing for lobbyist reports. Electronic filing will be available beginning with the 2012 January Monthly Report. The electronic versions of the reports are similar to the paper reports and require the same amount of disclosure. Electronic filing provides several advantages not available to paper filers, i.e., twenty-four hour, seven days a week availability and having the reports automatically checked for errors before being submitted.

The new Electronic Filing for Lobbyists will help provide a more timely and accurate disclosure of lobbying activities in Idaho.
