**PRESS RELEASE**

**Electronic Registration Website for Lobbyists**

Secretary of State, Ben Ysursa, today announced the availability of electronic registration for lobbyists. Electronic registration will be available beginning January 2, 2013. The electronic version of registration is similar to the paper registrations and requires the same information. Electronic registration provides twenty-four hours, seven days a week availability with credit card payments being processed by Access Idaho, the state of Idaho official credit and debit card processor.

The new electronic registration system allows a more convenient way for lobbyists to register and, coupled with the availability of on-line reporting, will help provide a more timely and accurate disclosure of lobbying activities in Idaho.
