Correction of Previous Press Release: Proposed Initiative Relating to Minimum Wage Enters Circulation

Correction to the press release issued April 17, 2019. The previous release included incorrect data when referring to the total amount of signatures required. The correct requirement is 55,057 signatures.

Set out below is the corrected press release in its entirety.

Boise, Idaho – Idaho Secretary of State Lawrence Denney announced proponents of a new initiative were cleared to begin collecting petition signatures.

The initiative may be circulated for signatures now that the official language is complete, and the Attorney General has forwarded the legal titles to the Secretary of State. The Attorney General's official short and long ballot titles are as follows:

An initiative amending minimum wage law by increasing the general minimum wage and minimum wage of tipped employees. An initiative amending chapter 15, title 44, Idaho Code; increasing minimum wage rate applicable to most non-exempt employees annually for four (4) consecutive years; establishing formula for subsequent years to annually adjust minimum wage rate in direct proportion to increases in specified federal consumer price index; increasing minimum wage amount of direct wages paid to tipped employees annually for four (4) consecutive years; providing on January 1 of each year following the fourth year minimum wage for tipped employees shall not be less than three dollars and ninety cents (\$3.90) less than general minimum wage; and repealing subsection (3) of section 44-1502, Idaho Code, removing allowance for employers to pay a minimum wage rate of four dollars and twenty-five cents (\$4.25) to employees under age of twenty (20) for a period of ninety (90) days after initially employed.

The Secretary of State's tracking number for this measure is I1901.

The proponents of the measure must collect signatures of 55,057 registered voters (six percent of the qualified electors at the time of the November 2018 general election) in order to qualify it for the ballot. These signatures are also required to be distributed across at least 18 legislative districts with at least six percent of registered voters from each district. The proponents have until the April 30, 2020, deadline to circulate petitions for the measure, and signatures must be submitted to county elections officials no later than May 1, 2020.

The proponents can be reached by emailing Rod Couch at FairWageID@gmail.com.
